This Year's Top New Year's Resolution? Fitness!

The evidence is in for fitness. Regular exercise has been associated with more health benefits than anything else known to man. In short, exercise keeps you healthy and makes you look and feel better. Other New Year's resolutions at the top of the list include better work/life balance, spending more time with family and friends, managing debt, spending less and saving more, getting organized, learning something new, and of course to quit smoking. Based on other survey results, a small percentage of us are simply throwing in the towel and aren't making any resolutions.

24th Annual Gardere MLK Jr. Oratory Competition

January 15, 11am-12:30pm

The Majestic Theatre

1925 Elm Street, Dallas, TX 75201

The 24th Annual Gardere MLK Jr. Oratory Competition will kick off the Martin Luther King Jr. holiday weekend to encourage the community to pay tribute to and carry on the late civil rights leader's legacy. Gardere Wynne Sewell LLP is proud to continue its tradition of extolling the work and teachings of Dr. Martin Luther King Jr. with the Annual MLK Jr. Oratory Competitions held in Dallas and Houston. The contest encourages scholarship while reinforcing the need for unity and the vital human traits of compassion and justice – traits that are crucial throughout the community.

This year, fourth and fifth grade students will deliver original speeches between three to five minutes answering the question: "What would Dr. King say in his campaign speech if he were running for president this year?" Approximately 135 students representing 15 Dallas ISD schools participated in the in-school competitions held in October. Criteria for judging include delivery, stage presence, content interpretation and memorization at all three competition levels. The event is free and open to the public. www.gardere.com/About/Community/MLK-Oratory-Competition

DART to a New You in the New Year

The beginning of a new year is synonymous with setting resolutions to make positive lifestyle changes. Losing weight, exercising more and eating healthier are common themes, but if your goal is to discover something new about yourself and your community, DART can help.

North Texas is bursting with cultural experiences, dining and entertainment that are walkable from a DART rail station or bus stop. The WaterTower Theatre, an easy stroll from the Addison Transit Center, offers a diverse mix of inspirational performances in a state-of-the-art facility. Close to Downtown Garland Station, the Plaza Theater is an elegant 350-seat venue that has shown inexpensive family-friendly films since 1941. And the Pocket Sandwich Theatre in Dallas, near Mockingbird Station, is a cool spot to watch live, locally-produced theatrical performances.

DART also is your ride to a diverse array of palate-tempting food. Italian Café is a short walk from the Las Colinas Urban Center Station. This family-friendly restaurant, famous for its homemade sandwiches, pasta and seafood recipes, is located near picturesque Lake Carolyn.

If you are in search of comfort food like that your grandmother makes, Babe's Chicken Dinner House, near the Downtown Carrollton Station, serves authentic down-home cooking family-style. In Oak Cliff, Emporium Pies serves fresh and delicious hand-crafted desserts out of a quaint 1930s Victorian bungalow. Take DART Bus Route 722 or 021 to Bishop at Davis.

Klyde Warren Park in Downtown Dallas is a great outdoor place to hang out, but there are lots of other opportunities in North Texas to connect with nature. Take a conservation class or architecture tour at the Trinity River Audubon Center in Dallas (Green Line to Buckner Station and Bus Route 466 to Great Trinity at Longacre), or stroll through the 27-acre Farmers Branch Historical Park (Green Line to Farmers Branch Station) or from the Downtown Plano station, tour the Interurban Railway Museum and enjoy a picnic at Haggard Park.

Visit DART.org/DARTable to learn more about these and other life-enriching destinations.

Creatures of LIGHT: Nature's Bioluminescence

Through February 21, 2016
Perot Museum of Nature and Science
2201 N. Field Street
Dallas, Texas 75201

Creatures of Light: Nature's Bioluminescence explores the natural phenomenon of

'living light' with a vast array of organisms, from the flickering fireflies in your backyard to the deep-sea fishes in our oceans' darkest depths. The ability to generate light is rare among plants and animals that live on land. However, up to 90 percent of animals at depths below 2,300 feet provide the only source of light for the largest habitable space on Earth, the ocean.

Spark your curiosity with larger-than-life models, live fish, and interactive displays in this exhibition! You will be able to move through a series of re-created environments to discover the glowworm webs on the ceiling of New Zealand's Waitomo caves, the 'pyrotechnic' plankton in Puerto Rico's Mosquito Bay, and special lighting on the coral walls of the Cayman Island's Bloody Bay. Use iPads featuring videos, photographs, and more to discover the diversity of bioluminescent creatures.

Creatures of Light will help you answer questions of how these organisms use light to attract mates, lure prey, or fight off predators. Learn where, why, and how scientists study these amazing creatures that glow. Don't miss your chance to experience this captivating world! **Contact your concierge to obtain discount tickets to the Perot Museum for only \$10 per ticket, (Reg / \$12-\$15).** For more information, visit perotmuseum.org.
